

# New Nature Coast Online Meeting

I am in the process of creating an online meeting forum for the Nature Coast Intergroup and District28 web sites. When you go to the Meeting Guide tab on both sites you will see a new tab called Nature Coast Online Meeting. When clicking on it you will be taken to the forum. You may then press the log in button and register as a new user. I will receive an email with your registration and will send you a password as soon as possible.

I hope to have one live regular meeting a day to start, although I will start several forums with different topics that you will be able to access, read other's comments, and add yours for others to read at any time.

In this time of pending statewide shelter at home and the closing of regular meetings, I hope this can help us help each other and struggling alcoholics in our area. This is an experiment for us and I need your help.

If you know others who may wish to join us please pass this information on. I have tried to get the message out to as many as I know and have asked the District and Intergroup to email this information to their email lists.

Thank you for your help, Steve N. (webmaster)
